

Employment programs and vocational training are designed to build a youth's skills for a specific trade, vocation, or career through classes or on-site training. Employment programs include a youth's participation in an apprenticeship, internship, or summer employment program and do not include summer or after-school jobs secured by the youth alone. Vocational training includes a youth's participation in vocational or trade programs in school or through nonprofit, commercial or private sectors and the receipt of training in occupational classes for such skills as cosmetology, auto mechanics, building trades, nursing, computer science, and other current or emerging employment sectors.
